*How long your batteries will last is determined by your type of hearing aid, the hours of daily use, and the amplification strength of your hearing aid. Therefore, when you do your battery comparison test, be sure to use the same ear and hearing aid.*

## There's no need to buy special batteries for high power devices!

There's no longer any need for special high power hearing aid batteries. Pro Line Hearing Aid Batteries are effective even in high gain/high power hearing aids. And if you wear your aid at high volume or in loud environments, Pro Line provides the power you demand.
