

Where do you experience hearing challenges?

Why two ears are better than one

- Understand speech and conversations better
- Better localization of sounds (where sounds are coming from)
- Improved sense of distance from sound
- Better sound quality
- Sounds are more balanced

Accessories

uStream

Connects to wireless devices for stereo sound, and acts as a remote control.

uMic™

Personal wireless microphone system streams audio to both hearing aids.

uTV™ 3

Sends sound wirelessly from your TV to your hearing aids.

uDirect™ 3

Delivers a direct connection to enjoy mobile phones, TVs, FM receivers and MP3 players in stereo sound, while also providing remote control functionality.

uControl™ app

Uses your smartphone to easily control hearing aid settings. The app also has a My Ratings feature for you to rate your hearing aid performance.*

Remote control 2

Lets you discreetly control your hearing aid settings.

IIC remote

Allows you to conveniently adjust volume or switch between programs.

Rechargeable kit

Easily convert any Moxi Fit into a rechargeable solution.

Rechargeable kit includes:

One (1) charging base with USB cable and wall charger

Two (2) 312 rechargeable battery cells

Two (2) Moxi Fit rechargeable battery doors

*Ask your hearing healthcare professional for more details.

At Unitron, we care deeply about people with hearing loss. We work closely with hearing healthcare professionals to provide hearing solutions that improve lives in meaningful ways. Because hearing matters.
