

By becoming a licensed ESCO agent and offering the AlwaysHear Policies, practitioners will begin developing a stronger relationship with their patients. Patients will turn to practitioners during every phase of hearing aid ownership, making them loyal to the practice for years to come.

The AlwaysHear Program and Policies allow practices to increase their bottom line. Practitioners will receive a commission for every plan sold, creating another revenue stream for their practice.

COMPLETE

- Loss & damage beyond repair
- Available at time of sale (within first 60 days of purchase)
- Term - Plan covers two (2) hearing aid losses while under Manufacturer's Warranty

- Term - Twelve (12) month warranty plan
- Limit of Liability - Single loss replacement
- unlimited repair coverage
- \$200 fitting fee to practitioner on loss

How Do I Become A Licensed Agent?

We have made the process of becoming a licensed ESCO agent easy so you can begin offering your patients the AlwaysHear Plans as soon as possible. There are no classes to take and ESCO will reimburse your practice for the cost of the license. Here is how you can get started:

- Review the short AlwaysHear Provider Advantage Program presentation provided by ESCO - 30 minutes
- Work with ESCO to complete the state licensing paperwork and submit it either online or via mail - 10 minutes
- Receive your license after the application is approved by the state.
