

Joint Audiology Program

Summer 2002 Continuing Education Program

Title: Auditory Processing Disorders, Part I – 6 CEUs

Course Instructor: Deborah W. Moncrieff, Ph.D.

Dates: June 10 – June 28, 2002
Deadline to register: May 28, 2002

Description: The Part I course will be a beginning course in the fundamentals of auditory processing disorders. It will cover the following topics:

The Basic Science of AP

- Definitions of APD
Neural development
Neural network modeling
The auditory stream
Possible causes of APD

Identification of APD

- Co-morbid disorders
Typical APD behaviors
Risk factors

Diagnosis of APD

- Standard procedures
5 auditory processes
Normal behavior
Abnormal results

Title: Auditory Processing Disorders, Part II – 6 CEUs

Course Instructor: Deborah W. Moncrieff, Ph.D.

Dates: July 8 – July 26, 2002
Deadline to register: June 24, 2002

Auditory Processing Disorders, Part II – 6 CE units

The Part II course will be a more comprehensive course focused on the actual diagnostic battery used to identify APD in both children and adults:

Diagnostic Battery

- Observations and case history
Screening tests
Primary diagnostic tests
Secondary cross-check tests

Interpretation

- Profiles of APD
Florida Task Force Technical Assistance Paper
Case Studies

Future Goals for Research and Assessment

- Standardized tests
Electrophysiological procedures

Procedures

- Test protocols
Obtaining test materials
Scoring test results

Management

- Traditional therapies
Commercial programs
New approaches
