ReSound Smart 3D and Smart Hearing Aid Compatibility

The future of Smart Hearing™ will change the way you think about hearing aids. With the ReSound Smart 3D™ app, you can personalize your hearing experience to get the most out of your hearing aids. Everything you need for a quick adjustment is on the main screen for one-tap access. So you’ll always be confident with your hearing aids and ready to engage with the world around you.

For instructions on how to connect your hearing aids to your Apple® device, Android™ device and how to use the ReSound Smart 3D app, download the Connectivity Guide.

ReSound Smart 3D is compatible with the following Apple® devices*:

- iPhone®
  - iPhone 5
  - iPhone 5c
  - iPhone 5s
  - iPhone 6
  - iPhone 6 Plus
  - iPhone 6s
  - iPhone 6s Plus
  - iPhone 7
  - iPhone 7 Plus
- iPad®
  - iPad mini™
  - iPad mini 2
  - iPad mini 3
  - iPad mini 4
  - iPad mini with retina display
  - iPad (4th generation)

*We recommend using the latest version of iOS. We have confirmed compatibility of ReSound Smart Hearing aids with iOS 10. You can also find details on Apple device compatibility in description for the ReSound Smart app on the App Store or under 'About the ReSound Smart app' in the app's Settings.
ReSound Smart 3D is compatible with the following Android devices**:

Please note: Direct stereo streaming, which is available via the iOS platform, is not currently available through Android platforms at this time. Android users can stream stereo audio using the ReSound Phone Clip+ which allows you to connect your ReSound hearing aids to any Bluetooth®-enabled mobile phone.

- Samsung Galaxy S8
- Samsung Galaxy S7
- Samsung Galaxy S7 Edge
- Samsung Galaxy S6
- Samsung Galaxy S6 Edge
- Samsung Galaxy S5
- Samsung Galaxy S5 Mini
- Samsung Galaxy S4
- Samsung Galaxy Note 3 Neo
- Samsung Galaxy Note 4
- Samsung Galaxy Note 5
- DORO 8030
- Google Pixel XL
- HTC One M8
- HTC One M9
- HTC 10
- Huawei Mate 8
- Huawei P9
- LG G3
- LG G5
- LG V20
- Sony Xperia Z3

**All phones must be running either Android KitKat (4.4.2 - 4.4.4), Lollipop (5.0 or higher) or Marshmallow (6.0.1). You can also find details on Android device compatibility in the description for the ReSound Smart 3D app at Google Play or under 'About the ReSound Smart 3D app' in the app's Settings. Please note: hearing aids may need to be updated to the latest firmware to work with the app. This update is available through your hearing care professional.

Each sub variant of the phones listed above, e.g. Galaxy S5 Active or Galaxy S5 Mini, is modified by the local carrier in each country and we cannot guarantee direct compatibility for these.

If you already have one of the sub variants and a working direct connection to your hearing aids, we advise you not to upgrade to Android OS 6.0.1 or later at the moment.
